

03.- 04. May 2022

Forschungs Fördertage

Shaping your (research) career

03.05.2022 | Morning

09:30 - 10:00 am / Presentation
An academic career - Risks and opportunities
Dr. Beate Scholz, Scholz CTC GmbH

10:00 - 11:00 am / Panel discussion
Deciding on a research career.
Talking to your peers about their careers.
Moderation: Uta Brunner, JUNO

Jun.-Prof. Dr. Julia Trinkert, Institute for Art History,
Art History of the Middle Ages, HHU

Jun.-Prof. Dr. Alexej Kedrov, Institute for Biochemistry,
RG Synthetic Membran synthesis, HHU

Jun.-Prof. Dr. Jan Meisner, Institute for Physical Chemistry,
Theory and simulation of complex systems, HHU

Dr. Payam Payamyar, Materials and Data Scientist, HHU Alumnus

11.10 am – 12.00 pm / Presentation
Strategically planning your research career by obtaining third
party funding – Overview of funding options according to
career level

Evamaria Gruchattka, Martina Kuhlmann,
Department of Research Management and Transfer, HHU

Planning your research stay abroad

03.05.2022 | Afternoon

13.00 – 13.50 pm / Presentation
Going abroad for a postdoc
General information on planning a research stay
Dr. Uta Brunner, JUNO, HHU

14.00 am – 15.00 pm / Presentation
HFSP funding across national and disciplinary boundaries
Programme information and advice for your application
Dr. Guntram Bauer, Human Frontier Science Program (HFSP)

Obtain research independency

04.05.2022 | Morning

09.30 – 11.00 am / Panel discussion
How to become (an) independent (research group leader)
Introduction and Moderation: Claudia Whittle,
Department of Research Management and Transfer, HHU

Jun.-Prof. Dr. Martin Kliesch, Emmy Noether Group leader,
Institute for Theoretical Physics, Quantum Technology, HHU

Dr. Nils Alexander Lakomek, Heisenberg Scholarship holder, In-
stitute for Physical Biology (IPB), Biophysical NMR Spectroscopy,
Forschungszentrum Jülich and HHU

PD Dr. David Hommen, DFG Position for Principal Investigators,
Institute for Philosophy, HHU

Prof. Dr. Julia Frunzke, ERC Starting Grant, Bacterial Networks
and interaktions, Forschungszentrum Jülich and HHU

11.10 am – 12.00 pm / Discussion:
Words of 'wisdom' –
Advice from experienced researchers and mentors
Moderation: Martina Kuhlmann

Prof. Dr. Maria von Korff Schmising,
Institute for Plant Genetics, HHU

Prof. Dr. Christiane Eilders,
Communication and Media Studies III, HHU

Prof. Dr. Klaus Pfeffer
Institute of Medical Microbiology and Hospital Hygiene, HHU

Registration

Please register online: juno.hhu.de/fft-2022

Attendance is free of charge for members of HHU and
researchers from neighbouring universities in NRW.

Contact: Junior Scientist and International Researcher Center (JUNO)
